Subject: Request to provide a technical Briefing of Reilly/Yocom paper: Mining the Pebble Deposit
Date: 02/02/2012 11:03 AM

Hi Rick,

Bill Dunbar suggested I contact you directly concerning arranging a technical briefing for your Watershed Assessment team by Bill Reilly and Tom Yocom. I understand that your team is available February 14th at 9:00 am. I also understand that Dennis McLerran could participate for a portion of that meeting. We hope that our technical team can provide a brief presentation of their report (15-20 minutes) and then answer questions and engage in a discussion with the team. Attending the meeting on our behalf will be Bill Reilly and Tom Yocom. In addition, Tiel Smith of BBNC, Shoren Brown of TU, and Peter Van Tuyn, outside counsel to BBNC will also participate. I hope to participate via teleconference. We will plan to arrive 20 minutes early to make sure the computer and a/v equipment is set up and ready to go at 9:00. Could you please confirm that this is acceptable or let me know if we need to reschedule or make other arrangements? Thanks for your consideration and I hope it's not too cold in Alaska! I look forward to hearing from you. All my best,

Wayne

This Email message contained an attachment named
image001.jpg
which may be a computer program. This attached computer program could
contain a computer virus which could cause harm to EPA's computers,
network, and data. The attachment has been deleted.

This was done to limit the distribution of computer viruses introduced
into the EPA network. EPA is deleting all computer program attachments
sent from the Internet into the agency via Email.

If the message sender is known and the attachment was legitimate, you
should contact the sender and request that they rename the file name
extension and resend the Email with the renamed attachment. After
receiving the revised Email, containing the renamed attachment, you can
rename the file extension to its correct name.

For further information, please contact the EPA Call Center at
(866) 411-4EPA (4372). The TDD number is (866) 489-4900.
